Certificate of Evaluation

ITEM: COLOUR SCALE FOR HAEMOGLOBIN

MAKE: ALLIED HEALTH SCIENCES PVT. LTD. , NEW DELHI

This is to certify that the Colour Scale for Haemoglobin sent to us for evaluation has been tried at our reference lab at Bhopal and have been found to be very accurate in terms of the Hb level found from our donor samples.

The results have been cross checked with other valid methods to determine haemoglobin as done in our centre.

We recommend this method for mass screening of Anemia at a larger scale.
